

# Skyscraper White Chocolate Cheesecake

10 - 12 servings

   Medium

 up to 40 Min.

## Ingredients:

### For the Cheesecake:

250 g Double Chocolate Chip Cookies (9 oz) crushed  
75 g Unsalted butter (melted)  
400 g Dr. Oetker 26% White Chocolate (14 oz)  
450 g Full Fat Cream Cheese (1 lb) at room temperature  
300 ml Double Cream (10 fl.oz) at room temperature  
5 ml Dr. Oetker Madagascar Vanilla Extract (1 tsp)  
300 ml Whipping Cream (10 fl.oz)  
Dr. Oetker Chocolatey Strands

- 1** Skyscraper White Chocolate Cheesecake:  
Grease the base and line a deep 20cm (8 inch) spring form cake tin.
- 2** Place the crushed biscuits in a bowl and bind together with the melted butter. Press into the base of the tin using the back of a metal spoon. Chill until required.
- 3** Break the White Fine Cooks' Chocolate into a heatproof bowl and melt over a pan of barely simmering water, and set aside for 10 minutes until warm.
- 4** In a large mixing bowl, whisk together the soft cheese, double cream and Madagascar Vanilla Extract.
- 5** Fold in the warm White Chocolate and spoon the mixture over the biscuit base. Smooth the top and chill for 2-3 hours until set. Note: if the chocolate is too cool, it will not mix in properly and will make the cheese filling lumpy.
- 6** To serve, release the cheesecake from the tin and place on a serving plate.

- 7 Whisk the whipping cream until just peaking and place in a piping bag fitted with a 1cm (½ inch) plain nozzle. Pipe mounds of cream in tall peaks over the top of the cheesecake, and sprinkle generously with Chocolate Flavour Strands.
